SUSTAINABLE INNOVATION

EcoNatural is now the innovative **PAPER+DISPENSER** system that recycles all the materials from beverage cartons.

Lucart Professional EcoNatural, sustainability you can actually see.

CIRCULAR ECONOMY

With its EcoNatural system, Lucart Professional introduces a **circular economy** model that adds value to used beverage cartons by turning them into two new raw materials.

REAL RESULTS

All EcoNatural products contribute to achieving real results for environmental sustainability.

With **576 packs of EcoNatural z-fold hand towels** (the amount that fits on a pallet), for example, **you help Lucart to:**

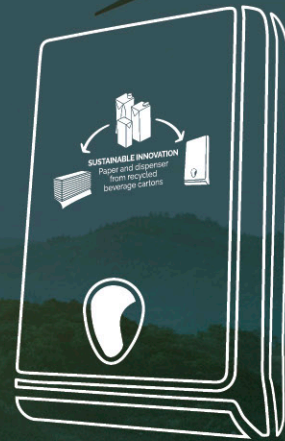

*Considering cartons per 1 litre beverage. **Source: United Nations Environment Programme, Report 2001: Towards a Green Economy.

***Source: European Union Life Cycle Database (ELCD).

VISIBILITY

EcoNatural demonstrates your commitment to sustainability.
Lucart Professional certifies and promotes that choice:

- **with the certificate of environmental saving**, stating the beverage cartons recycled, trees saved and CO₂e emissions reduced, a tool for you and for your customers
- **with the silk-screen printed dispenser**, to tell end users about your commitment to the environment.
